Team APMA 5K Winners

Team APMA kicked off its first official 5K race at the 2010 Annual Scientific Meeting in Seattle. APMA, in partnership with the American Academy of Podiatric Sports Medicine (AAPSM), coordinated a fun and successful race in benefit of student scholarships.

APMA and AAPSM would like to thank everyone who participated in the race and those who just came out to support their friends and colleagues. There were more than 160 participants. And thanks to the generosity of our 10 sponsors and race participants, approximately \$9,000 was raised in net proceeds.

Special thanks go to Team APMA Co-chairs Cary Zinkin, DPM, Rob Frimmel, DPM, and AAPSM for their hard work in making the Team APMA 5K race a huge success.

Dr. Zinkin would like to thank all the sponsors and participants who made this event a real "Team" effort. "You are now all a part of Team APMA!" Dr. Zinkin said. "We look forward to your continued participation next summer in Boston! Our students are the future of our profession; we need to teach them, support them, and nurture them so that they can keep our profession alive and well in the future. Please join Team APMA on Facebook and we will keep you advised of other national events that we are planning!"

Dr. Frimmel concurred. "The 5K run/walk was a spectacular event with great participation, great weather, and a great venue," Dr. Frimmel said. "APMA staff and volunteers put together an outstanding event. The biggest winner was the APMA Educational Foundation. Next year in Boston, we will have another Team APMA run/walk, and hopefully it will be bigger and better."

Congratulations to all of the participants!

Race results:

Runners: Men

1st place runner: Dave Cauthon
2nd place runner: Mike A. Smith, DPM
