As of today, the conference hotel room block is **55% sold out**, so book your hotel room soon if you plan on attending the FPMA Summer Conference!

**American Society of Podiatric Surgeons (ASPS) Lecture Series**  
**Presented by Drs. Andrew Belis, Andres Perez, and Luis Sanchez**

#### ASPS Lecture Schedule:

- Saturday, June 10, 2017:

- 10:30 a.m. - 10:45 a.m.: Achilles Tendon (S)
  - 10:45 a.m. - 11:30 a.m.: Surgical Treatment Options for Adult Flat Foot/Posterior Tibial Tendon Dysfunction (S)
  - 11:30 a.m. - 12:00 p.m.: Pediatric/Teen Flatfoot (S)
  - 12:00 p.m. - 12:30 p.m.: Cavus Foot Type: Common Presentation & Surgical Corrective Options (S)
- Sunday, June 11, 2017:
    - 8:00 a.m. - 8:30 a.m.: Charcot Foot Surgical Approach for a Midfoot Deformity - Part I (S)
    - 8:30 a.m. - 9:00 a.m.: Fifth Metatarsal Osteotomy Options (S)
    - 9:00 a.m. - 9:30 a.m.: Charcot Foot Surgical Approach for a Midfoot Deformity - Part II (S)
    - 9:30 a.m. - 9:45 a.m.: Ankle Arthroscopy (S)
    - 9:45 a.m. - 10:00 a.m.: Panel Discussion (S)

Andrew Belis, DPM

**Cavus Foot Type - Common Presentations & Surgical Corrective Options:**

“Attendees will have a better understanding of the etiology of the cavus foot type and surgical techniques for dealing with various types of cavus deformity. Understand and implement an algorithm for surgical treatment.”

**Ankle Arthroscopy:**

“Attendees will have a better understanding of basic and advanced arthroscopic principles, instrumentation, and maneuvers. They will learn to consider using arthroscopic techniques to treat commonly encountered ankle pathology. Advanced techniques will also be discussed, including arthrodesis, intra-articular grafting, and applications for trauma.”

- Andrew Belis, DPM

**Posterior Tibial Dysfunction:**

“Attendees will have a better understanding of the etiology of the posterior tibial pathology type and different surgical techniques for approach with this flat foot deformity. Also understanding and implementing different surgical treatments.”

Luis Sanchez, DPM

**Charcot Foot MidFoot and Rear Foot Deformities:**

“Attendees will review and understand the etiology of Charcot foot type deformities and surgical technique options that we will have available for approaching these types of foot deformities. Also understanding and implementing possible systems according to the location and joint compromise that allows the surgeon to obtain a better safety surgical treatment and better outcome.”

Andres Perez, DPM

- Andres Perez, DPM

**Complete and submit your FPMA June 2017 Conference registration prior to 5/10/17 and you will be entered into our drawing for one COMPLIMENTARY night's stay! Click [here](#) to register on-line.**
