### Podiatric Dermatology Coding Essentials & Podiatric Dermatology Essentials – What, When, How; a Hands-on Workshop

Presented by Bradley Bakotic, DPM

The "Podiatric Dermatology Coding Essentials" lecture will take place on Friday, June 9, 2017 from 8:30 a.m. - 9:30 a.m. Attending this lecture will earn 1.0 Practice Management CECH.

The "Podiatric Dermatology Essentials - What, When, How" workshop will take place on Friday, June 9, 2017 from 10:30 a.m. - 12:00 p.m. This workshop is limited to 80 attendees and Summer Conference attendees can register on-line via the [FPMA June 2017 Conference web page](#). Attending this workshop will earn 1.5 Science CECH.

#### **Podiatric Dermatology Essentials – What, When, How; a “Hands-On” Workshop**

“The Key to podiatric dermatology is the understanding of simple biopsy techniques, their indications, and application in podiatric medicine. Attendees will review various dermatological manifestations of both systemic disease and localized neoplastic conditions, which often go undiagnosed in podiatric practices. The utility of various techniques, including fine needle aspiration, will be discussed and the indications for each will be summarized in the context of a ‘hands-on’ workshop.”

- Bradley Bakotic, DPM
