Continuing Education Contact Hours (CECH) Scanning Policy

READ CAREFULLY

All X-Ray Assistants participating in the SAM 2017 X-Ray Assistants' program - for both Initial Licensure and Relicensure - will be assigned an electronic badge upon check-in. This badge will need to be scanned at the **beginning and end** of each session you attend in order to determine the exact time of attendance and assign CECH accordingly. You must scan in and out of each lecture hall that you enter in order to receive CECH, including before and after the Medical Errors lectures.

Failure to scan for the entire eight hour program will disqualify you from taking the Podiatric X-Ray Assistants Examination on Sunday (for Initial Licensure only). If you are attending the X-Ray Assistants' program for Relicensure and fail to scan during the eight hour program, you will not receive credit necessary for renewal of your license for the current biennium (April 1, 2016 - March 31, 2018).

Total CECH will be calculated from the electronic badges that each X-Ray Assistant uses to enter/exit the lecture halls. Those contact hours will be submitted to CE Broker by FPMA once the conference is over and all hours have been verified.

Please Note: If you have pre-registered for the Assistants' program and would like to pick up your name badge/class materials at the registration desk during SAM 2017 (prior to the day of your program), you are welcome to do so. This will save you time as you will not have to stand in line and check in at the registration desk the day of your program. If you would like your Physician to pick up your name badge/class materials ahead of time, click the appropriate box on the Assistants' Registration Form.
