

The text "SAM 24" is displayed in the center of the page. Each letter and the number are contained within a colored circle: 'S' is in a blue circle, 'A' is in a green circle, 'M' is in a teal circle, and '24' is in an orange circle. The circles are arranged horizontally and are slightly overlapping.

S A M 24

The main title of the event, "Science and Management Symposium", is centered on the page. The text is in a large, bold, white sans-serif font with a subtle drop shadow, making it stand out against the light purple background. The words are stacked vertically: "Science and" on the first line, "Management" on the second, and "Symposium" on the third.

**Science and
Management
Symposium**

The text "Mardi Gras" is written in a gold, cursive script font. It is positioned below the main title and is flanked by a central fleur-de-lis symbol. The fleur-de-lis is also in a gold, cursive style and features a green and purple diamond pattern. The background around the text includes palm fronds, purple feathers, and gold confetti.

Mardi Gras

The event dates and location are presented in a white, bold, sans-serif font. The text is centered and framed by two thin, gold, decorative horizontal lines with a central flourish. The first line contains the dates "January 24 - 28, 2024" and the second line contains the location "Hyatt Regency Orlando".

**January 24 - 28, 2024
Hyatt Regency Orlando**

Diagnostic Excellence, Innovation, & Education

Bako Diagnostics is the Nation's Premier Lab for Today's Podiatric Medical Professionals

Leader in podiatric nail, skin, soft tissue, and bone pathology

Full-service diagnostic testing including: Anatomic Pathology, DNA (PCR), Microbiology, and ENFD

In-network with more than 250 million covered lives including all five national health plans

Continued dedication to advancing podiatric education

Pioneers in research and development driving proprietary testing techniques

Board-certified team of dermatopathologists and pathologists at your service

We ARE Podiatric Pathology and Therapeutics!

Important SAM Information

Intended Audience

Florida Podiatric Medical Association (FPMA) annually convenes the Science and Management Symposium (SAM), a podiatric medical and surgical conference. The intended audience of the Florida Podiatric Medical Association (FPMA) Science and Management Symposium (SAM) 2024 is Doctors of Podiatric Medicine and Podiatric Residents.

Mission Statement

The Florida Podiatric Medical Association's educational mission is to promote continuing education in podiatric medicine, podiatric surgery and practice management through workshops and seminars. Our commitment is to increase knowledge by offering every registrant the educational assistance needed to improve care for their patients and be successful in practice by promoting the benefits of scientific advancement in the treatment, prevention, and alleviation of podiatric ailments.

Disclaimer

Products displayed in the SAM 2024 Exhibit Hall have not been investigated or approved by FPMA with regard to efficiency or regulatory compliance. Each physician should practice their own due diligence regarding claims made about products displayed.

Acceptance of sponsorship at the Science and Management Symposium does not imply endorsement or approval of the company, product, or service.

Cancellation Policy

Cancellation requests were required to be submitted in writing and received by Monday, December 18, 2023, as indicated on the conference registration forms. No refunds will be issued for no-shows or cancellations received after December 18, 2023.

Force Majeure

FPMA shall not be liable for any failure or delay in performing the 2024 Science and Management Symposium to the extent caused by an event beyond FPMA's reasonable control that renders performance impossible, inadvisable or commercially impracticable, including, but not limited to, an act of God, war, terrorism, government action, disaster, fire, strike, civil disorder, curtailment of transportation facilities, disease or epidemic, failure of third party software or services, default of third-party vendors, or failure (or an interruption or defect) in communications or utility services.

Lost and Found

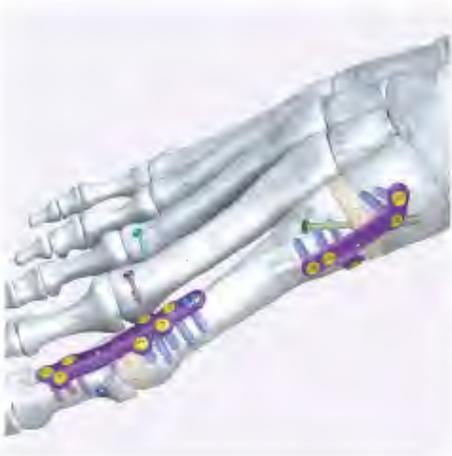

Please deliver any found items to the on-site registration desk. Items not collected by the end of SAM will be discarded or donated.

Code of Conduct

All participants in FPMA meetings and events (inclusive of attendees, speakers, volunteers, exhibitors, staff, members of the media, vendors, service providers, and guests) shall abide by the following professional behavior expectations:

- Respect the diversity of all participants regardless of gender, gender identity and expression, age, sexual orientation, disability, physical appearance, race, ethnicity, religion (or lack thereof), or technology choices.
- Treat all participants with kindness and consideration, respecting the views and opinions of others (including those you may not share) and critiquing ideas rather than individuals.
- Refrain from demeaning, discriminatory, bullying, or harassing behavior and speech directed toward other participants. Physical or verbal abuse of any participant shall not be tolerated.
- Comply with all rules and policies of the meeting/event venue.
- Refrain from use of sexual or discriminatory images and/or inferences in presentations, public spaces, or in online media.
- Maintain appropriate decorum by not being disruptive during lectures, poster sessions, in the exhibit hall, receptions, or other events.

Any participant who is requested to stop unacceptable behavior is expected to comply immediately. As necessary, FPMA staff or security may take immediate action deemed appropriate, including removal from the meeting or event without warning or refund. FPMA reserves the right to prohibit attendance at any future meeting or event.

This code of conduct shall apply to all venues, including ancillary events and social gatherings and shall be included in materials provided to all participants.

Violations of this code of conduct by FPMA members may be referred to the member's component for further adjudication under the FPMA Code of Ethics.

Breakfast
Will Be
Provided

FRIDAY, JANUARY 26TH

Join Us at 7:00 AM in Celebration Rooms 12-13
for Breakfast and an Educational Lecture!

PEACE OF MIND
STARTS WITH:

- ✓ Estate Planning
- ✓ Lawsuit Prevention
- ✓ License Protection
- ✓ Tax Reduction

FREE RISK ASSESSMENT
AVAILABLE:

-Estate Planning: What are the best tools to protect my family if something happens to me?
 -Asset Protection: Essential tools to ensure that your practice and family's assets are protected from the threat of lawsuits.
 -Tax Strategies: Learn tax strategies that will work for you and put money back in your practice and family's pocket.
 -License Protection: Proven strategies to protect your Medical License.

Attendance Verification

Verification Process

Every SAM 2024 physician attendee will receive a scanning name badge upon check-in at the SAM registration desk. Attendance verification will be conducted daily at the following times:

Wednesday, January 24, 2024

- 12:00 p.m. Outside main physician lecture track (Windermere Y - Z)
- 2:15 p.m. QR Code provided on screen in main physician lecture track
- 5:30 p.m. Outside main physician lecture track (Windermere Y - Z) after FPMA General Membership Meeting

Thursday, January 25, 2024

- 11:00 a.m. SAM 2024 Exhibit Hall
- 5:00 p.m. Outside main physician lecture track (Windermere Y - Z)

Friday, January 26, 2024

- 11:00 a.m. SAM 2024 Exhibit Hall
- 2:45 p.m. Outside main physician lecture track (Windermere Y - Z) (*Physician Track I attendees*)
- 3:00 p.m. Outside Windermere W (*Physician Track II attendees*)
- 5:00 p.m. QR Code provided on screen in main physician lecture track

Saturday, January 27, 2024

- 9:00 a.m. QR Code provided on screen in main physician lecture track
- 11:00 a.m. SAM 2024 Exhibit Hall
- 3:00 p.m. Outside main physician lecture track (Windermere Y - Z) (*Physician Track I attendees*)
- 3:00 p.m. Outside Celebration Rooms 9 - 10 (*Physician Track II attendees*)
- 5:00 p.m. QR Code provided on screen in main physician lecture track

Sunday, January 28, 2024

- 8:30 a.m. QR Code provided on screen in main physician lecture track
- 10:30 a.m. QR Code provided on screen in main physician lecture track

Attendance Verification (cont.)

General Information

Total CECH will be calculated from each physician's attendance verification records. These hours will be submitted to CE Broker by FPMA at the conclusion of the conference, once all hours have been verified, and for FPMA Members, all 2024 membership dues have been paid in full. Florida Podiatric Physicians can view these hours via their CE Broker account at www.cebroke.com. Podiatric Physicians from other states will be sent certificates showing total CECH earned by attending SAM 2024.

SAM 2024 attendees will be awarded up to 25.25 Continuing Education Contact Hours. Continuing Education Contact Hours (CECH) are calculated hour-per-hour based on courses attended (time taken for breaks and meals are NOT counted); e.g., a 30 minute Science lecture will earn 0.5 Science credit hours, a one-hour Science lecture will earn 1.0 Science credit hours, a 1.5 hour Practice Management lecture will earn 1.5 PM credit hours, etc.

All licensees who seek to renew the active status of their licensure must demonstrate that they have completed, during the previous two years, at least forty (40) hours of continuing education, including the following categories:

- At least one (1) of the forty (40) hours must concern the topic of Risk Management.
- At least one (1) of the forty (40) hours must be on the topic of Laws and Rules.
- At least two (2) of the forty (40) hours must be on the subject of prevention of Medical Errors.
- At least two (2) of the forty (40) hours must be on Prescribing Controlled Substances.
- While not required, licensees may complete up to three (3) hours of continuing education per biennium in the area of Practice Management.
- The remainder of the hours can be made up of Scientific hours.

Florida Board of Podiatric Medicine Meeting

Please be advised that if you are within your **first biennium of license renewal** and need to satisfy the requirement for attending a Florida Board of Podiatric Medicine meeting at which disciplinary hearings are conducted, we wish to inform you that the Florida Board of Podiatric Medicine will hold a meeting (disciplinary hearings currently indicated) on Friday, January 26, 2024 on-site at the SAM 2024 host hotel Hyatt Regency Orlando in the **Barrel Spring meeting room** beginning at **9:00 a.m.** Please be advised that a parking fee of \$27.00 for self-parking or \$40.00 for valet parking will apply for non-registered hotel guests care of the Hyatt Regency Orlando.

For more information, please visit <https://floridaspodiatricmedicine.gov/meeting-information> or contact the Board office at (850) 245-4292.

First Biennium Renewal: As provided in subsection 64B18-17.005, F.A.C., Podiatric Physicians initially licensed in the biennium or within 24 months of initial licensure are required to obtain five (5) hours of continuing education in the subject area of risk management which may be obtained by attending one full day of a meeting of the Board of Podiatric Medicine at which disciplinary hearings are conducted. The practitioner is then exempt from any other continuing education requirements for his or her first renewal except for a 1-hour course on human trafficking and the hours mandated for prevention of medical errors and HIV/AIDS.

Accreditation Information

Podiatric Physician Accreditation Statement: FPMA is approved by the Council on Podiatric Medical Education (CPME) as a provider of continuing education in podiatric medicine. FPMA has approved this activity for a maximum of 25.25 Continuing Education Contact Hours (CECH) during this five-day conference, depending on lectures attended. This conference will take place January 24 - 28, 2024 at the Hyatt Regency in Orlando, Florida.

In accordance with the Council on Podiatric Medical Education, FPMA is required to monitor educational session attendance for verification of CECH. Badges for attendance verification will be provided to each SAM 2024 Physician and X-Ray Assistant attendee when they check in at the conference.

CECH functions are for registered attendees only. CECH credits are based on attendance of educational sessions; sessions specified as “Non-CECH” in the conference program are not included in compiling CECH credits.

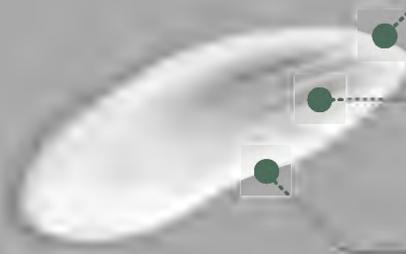

FPMA will provide attendees with a Certificate of Attendance that reflects only the number of CECH documented via their scanning badge records. CECH will be reported to CE Broker on behalf of SAM 2024 Physician and X-Ray Assistant attendees currently licensed in the state of Florida. Each attendee is responsible for reporting attendance to all appropriate boards and agencies requiring continuing education by providing a copy of their SAM 2024 Certificate of Attendance.

Certificate of Attendance: To ensure FPMA continues to provide a meaningful educational program and exceptional conference experience, FPMA requests all attendees complete an overall conference evaluation prior to receiving their Certificate of Attendance. Attendees will receive an email from FPMA with a link to complete the overall conference evaluation within three (3) weeks of the conclusion of the conference, pending all conference fees being paid and attendance verified by FPMA. The Certificate of Attendance will be provided for printing/downloading in PDF format once the overall conference evaluation is completed.

Continuing Education and Credentialing: The Florida Podiatric Medical Association (FPMA) is approved by the Council on Podiatric Medical Education (CPME) as a provider of continuing education in podiatric medicine. FPMA has approved this activity for a maximum of 25.25 Continuing Education Contact Hours (CECH). As is the case with all specialty societies and colleges, FPMA is not a credentialing organization and does not conduct licensing or certification processes. The principal purpose of FPMA is to facilitate education in the area of podiatric medicine and surgery. This activity is viewed to reinforce and support licensing and certification processes.

Cancellation Policy: Cancellation requests were required to be submitted in writing and received by Monday, December 18, 2023, as indicated on the conference registration forms. No refunds will be issued for no-shows or cancellations received after December 18, 2023.

Dispensed by Physicians Only

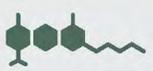

Formulated with the patented Tolcylen delivery vehicle

Maximum strength medical grade CBG & CBD isolates

Rapid penetration with no residue or stickiness

The novel cannabinoid formulation that will revolutionize your in-office dispensing

Cannabigerol
CBG

CBG is a novel & powerful cannabinoid which is found in small quantities in the hemp plant. It is the precursor to all other cannabinoids. There is new research frequently being published on CBG's effects.

Cannabidiol
CBD

CBD is a proven cannabinoid supported by a large body of research and public use. Refer to peer-reviewed scientific studies on it's various topical effects.

Tolcylen[®]

TRANSDERMAL CBG/CBD CREAM

Accreditation Information (cont.)

Disclosure of Conflict of Interest: Each speaker is required to disclose the existence of any financial and/or other relationships (e.g., employee, consultant, speaker's bureau, grant recipient, research support) they might have with (a) the manufacturer(s) of any commercial product(s) to be discussed during their presentation and/or (b) the commercial contributor(s) of the activity. Any such conflict will be announced by the individual introducing the speaker immediately preceding the lecture.

Cost to the Learner: SAM 2024 attendees paid a range of registration fees based on their current membership status in APMA and/or FPMA as well as the date they registered for the conference (the various registration fees were provided on the SAM 2024 Physician registration form). Non-APMA/FPMA members paid the full registration fee of \$975 (by November 24, 2023) or \$1,075 (after November 24, 2023).

CE Non-Discrimination Policy: FPMA is committed to nondiscrimination based on race, creed, color, gender, religion, national origin, age, or disability. This commitment applies in all areas to applicants, members, visitors, students, staff, faculty, and others who are affiliated with the Association. This policy addresses recruiting, hiring, training, promotions, education, and applicable employment conditions. This policy is also concerned with the choice of contractors, speakers, suppliers of goods and services, Association-sponsored programs and activities. In addition, FPMA includes a Comments/Special Needs field on all conference registration forms. These are reviewed regularly to identify attendee accessibility requirements. FPMA personnel then work with the (ADA compliant) host hotel and attendee directly to assist with providing any assistance to participate in the conference educational activities.

FPMA Policy on Privacy and Confidentiality: FPMA does not use any presentation styles containing live or video depictions of patients whose identities would need to be protected. The FPMA Convention Committee reviews conference PowerPoint presentations prior to conferences and one of the items that is verified is that there are no patient identifiers on any PowerPoint presentation slides. The policy for privacy of patient information is communicated by the moderator during each conference speaker introduction.

Photography: Please be advised that photographs taken during SAM 2024 will be used on FPMA social media pages and in marketing materials and publications accessible by the public. By attending SAM 2024, you consent to the use of your image and likeness for the purposes mentioned above.

Conference Objectives

At the conclusion of this conference, attendees will be able to...

Biomechanics of the Foot – MASS Posture Theory and Introducing a New Break-in Paradigm

- Understand the rationale for exploring a new approach to biomechanical management of the foot and lower kinetic chain. MASS Posture Theory.
- Understand RRR - Relax, Release, Relief, a series of relaxation techniques that are designed to manually, mechanically, interrupt the positive feedback loop that IS almost ALL chronic pain with the notable exception of Gout, Direct Nerve Compression, Neuropathy and the pain of muscular development.
- Understand the Orthotic break-in protocols using RRR, breaking the feedback loop.

1) Role of Regenerative Medicine for Foot and Ankle Soft Tissue Pathology

- Understand in-office and surgical options for regenerative medicine for a variety of foot and ankle conditions, shockwave, PRP, MLS Laser, and Bone Marrow Aspirate Concentrate.

2) Treatment Algorithm for Foot and Ankle Surgery in Patients with Metal Allergy

- Understand perioperative protocols for patients with metal allergy, testing/implants, signs and symptoms of metal allergy reaction/how to treat.

3) Joint Preparation Techniques in Arthrodesis of the Foot and Ankle

- Find out the comparative results of patients with manual (curette/ronguer, etc.) joint prep vs. power instrumentation in terms of union rate time and cost.

The Use of PRP and Amniotic Stem Cells for the Treatment of Chronic Plantar Fasciitis and Overuse Tendinitis

- Understand the use of PRP and Amniotic Stem Cells for the Treatment of Chronic Plantar Fasciitis and Overuse Tendinitis.

Use of Therapeutic Lasers for Heel Pain

- Identify the importance of pain lasers and how they work.
- Learn the difference between different therapeutic lasers.
- Understand why some therapeutic lasers fail.
- Find out about applications of therapeutic lasers.

Heel Pain: A Biomechanics Approach

- Understand how to manage plantar fasciitis with evidence-based literature through a biomechanical management approach.

Practicing Evidence-Based Medicine with Shockwave

- Understand the benefits and medical based evidence for the use of Shockwave Therapy in the office including protocols and expected outcomes.

Surgical Treatment of Plantar and Posterior Heel Pain

- Find out about scientific literature and cases involving the surgical treatment of heel pain.

Beyond the Condition: Diabetes and the Patient Experience

- Find out how to humanize the patient aspect of diabetes and podiatry care from a relatable patient lens and use these insights and reframes to better serve patients.

Common Podiatric Misdiagnoses Resulting in Malignancies

- Find out about common podiatric skin, nail, and bone malignancies.
- Improve diagnostic skills with identifying lower extremity malignancies.
- Understand legal and medical factors resulting from failure to diagnose malignancies.
- Improve patient outcomes with early diagnosis and treatment of malignancies.

Conference Objectives (cont.)

At the conclusion of this conference, attendees will be able to...

Endovascular Treatments of the Lower Extremities: State of the Art

- Understand how endovascular treatments of the lower extremities work.

Update on Minimally Invasive Endovascular Procedures in the Podiatric Patient

- Understand treatment of podiatric patients with minimally invasive endovascular procedures

Muscle Flaps of the Lower Extremity for Limb Salvage Procedures

- Understand how muscle flaps can be used to aid in lower extremity wound healing.

Guillotine Transmetatarsal Amputation with Staged Closure Promote Early Ambulation and Limb Salvage in Patients with Advanced Chronic Limb-Threatening Ischemia

- Understand the process of guillotine transmetatarsal amputation.

Navigating Modern Tissue Graft Options for Wound Healing

- Understand which types of grafts to consider with different types of wounds.

Current Literature on Medial Artery Calcification in the Lower Extremity: Pathogenesis, Clinical Assessment, and Treatment Options

- Find out how calcification mechanisms may provide insights into potential therapies for patients.

Biomechanics of Golf Injuries

- Find out the biomechanics of the lower extremities that have an important role in the sport of golf.

Specific Golf Injury Evaluation & Treatment

- Understand injuries, including overuse conditions, in the sport of golf.

Running Shoe Update 2024

- Identify new athletic shoe features.
- Identify new running shoe technologies.
- Understand evolving trends in running shoes and materials.

Orthotic Update 2024

- Identify orthotic features.
- Identify new orthotic technologies.
- Understand evolving trends in orthotics and materials.

The Psychological Impact of the Injured Athlete

- Understand the psychological impact of injuries on athletes.

The Importance of Understanding the Forefoot in Pediatric Sports Medicine Prevention, Diagnosis, and Treatment

- Find out how to biomechanically prevent and treat the most common lower extremity sports injuries in teens by recognizing the significance of the forefoot.
- Find out how to biomechanically treat the most common lower extremity sports injuries in pediatric populations.
- Understand the impact of foot biomechanics when it comes to shin splints and tibial stress fractures, Severs disease, and Osgood-Schlatter disease.
- Understand how ankle sprains are prevented and treated in the teen athlete.

Surgical Treatment of Metatarsus Adductus with HAV Deformity – A Simplified Technique

- Find out about the recognition of and importance of addressing underlying metatarsus adductus in the presence of hallux valgus.
- Find out about a simplified technique to surgically correct metatarsus adductus.

Continued on Next Page

Conference Objectives (cont.)

At the conclusion of this conference, attendees will be able to...

Surgical Management of Multiplanar Hammerdigit Deformities: When Arthroplasty and Fusion Just Can't Cut It

- Find out about surgical treatment options and algorithm for hammertoe deformities requiring more than interphalangeal joint intervention.

Were They Aware? Improving Below-the-Knee Amputation Outcomes

- Understand risk management involving below-the-knee amputations.

Coding: How to File an Appeal When Your Claim is Denied

- Understand how the appeal process works when a claim is denied.

Bloodborne Pathogen Training

- Find out about various bloodborne pathogens.

2024 Coding Changes: Lymphedema, Skin Substitutes, and DME Wound Care

- Find out about important coding changes for the new year that are pertinent to podiatrists, including diagnosis code changes, CPT code changes, and HCPCS code changes.

Coding: Top Compliance Issues

- Find out about top compliance issues in coding.

Florida Laws & Rules

- Be aware of applicable Florida laws and rules for podiatric physicians, how the administrative licensure process works, and what rights are afforded to licensed podiatric physicians.

Surgical Saturday Round Table: FF, Midfoot, and RF Case

- Understand forefoot/ankle deformity correction and principles.

Options for the Management of Sesamoid Pathology

- Review the workup of common sesamoid pathologies.
- Become familiar with the current approaches in management of sesamoid pathology.
- Find out about more recent approaches that may impact how sesamoid pathology is treated in the future.

Current Concepts in Foot & Ankle Arthritis

- Understand joint salvage treatment modalities and their efficacy, the importance of early diagnosis of osteoarthritis, and the importance of ordering proper imaging modalities to prevent the progression of the disease.

Ankle Arthrography

- Understand arthrograms in the foot and ankle, in particular ankle arthrography.

Two-Year Outcomes After Total Ankle Replacement with a Novel Fixed-Bearing Implant by a Single Surgeon Non-Inventor

- Find out about the use of a semi-constrained 2-component TAA system with a novel fixed-bearing polyethylene implant as well as the 2-year outcomes seen in a podiatric practice.

Updates in 3D Printing and Ankle Replacement

- Understand the process of using 3D printing via case examples.

Medical Errors

- Understand the most common types of medical errors and how to avoid them.
- Understand how to avoid EMR issues.
- Understand how to obtain appropriate informed consent.
- Understand how to document patient non-compliance.

Conference Objectives (cont.)

At the conclusion of this conference, attendees will be able to...

Treating with Microwaves: Expanding the Versatility from Verruca to Onychomycosis

- Find out about the process of treating with microwaves.

Making Rash Decisions: Dermatology Tips and Tricks for Podiatry Pros

- Find out about new treatment regimens in dermatology.
- Find out about FDA-approved drug classes for inflammatory skin conditions.

When is an Ulcer Not an Ulcer? Dermatopathologist Observations on Treating Chronic Wounds

- Understand ulcer pathology and treatment of wounds that are slow to heal.

Antibiotic Treatment for Osteomyelitis

- Find out about evidence that shows oral antibiotics work as well as IV and that surgical debridement may not be necessary.

Use of Antibiotic Bone Void Filler for Treatment of Osteomyelitis

- Find out about FDA Approved Antibiotic Bone Void Filler used in the treatment of osteomyelitis.

Osteomyelitis Update: An FDA Approved Antibiotic Bone Void Filler with Gentamicin for the Surgical Treatment of Extremity Osteomyelitis

- Find out about a new FDA approved bone void filler with Gentamicin for the surgical treatment of lower extremity osteomyelitis.

Case Presentations from the Panel of Osteomyelitis Case with Q&A

- Find out about osteomyelitis treatment via case presentations.

Proper Documentation for “At Risk,” Routine Foot Care

- Understand how to document at risk routine foot care.

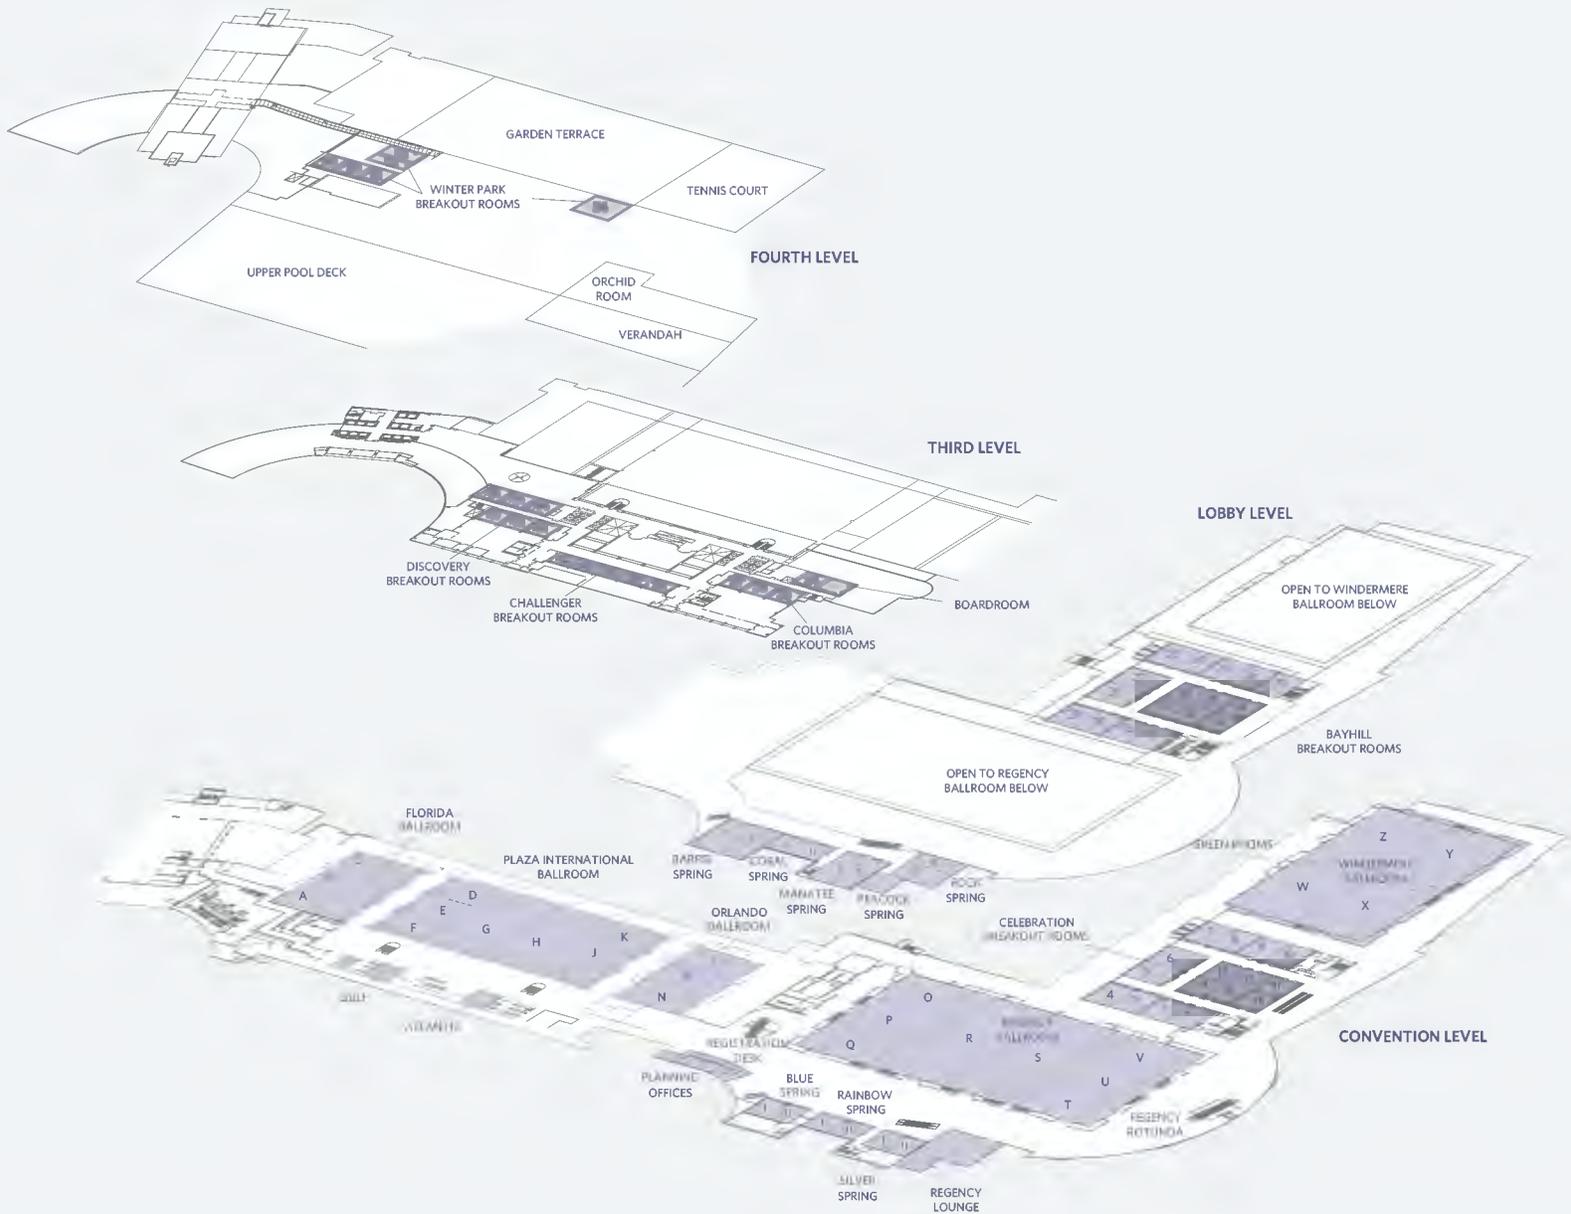

Safe and Effective Prescribing of Controlled Substances

- Find out about the pharmacology of opioids and controlled substances, epidemiology and incidence of opioid and controlled substance usage, the foundations of the current opioid crisis, and the present state reflecting federal and state data.

NON-CECH LUNCH & LEARN

Topic: Changing Paradigms in Wound Care with Synthetic Polylactide Closure Matrices

Speaker: Marcus F. Yarbrough, MD, CWSP

12:00 PM - 1:00 PM

Celebration 12 - 13

Sponsored by PolyMedics Innovations Inc.

ULTRASOUND WORKSHOP

Topic: Use of Ultrasound for MSK Imaging

Speaker: John Cozzarelli, DPM, RPh

1:00 PM - 5:00 PM

Celebration 7 - 8

Sponsored by Universal Imaging

STOP THE BLEED TRAINING PROGRAM

Hosted by Joseph Agostinelli, DPM

12:45 PM - 1:45 PM

Celebration 14

Sponsored by The American College of Surgeons

FPMA GENERAL MEMBERSHIP MEETING

3:00 PM - 5:30 PM

LEADERS IN PODIATRIC PATHOLOGY

We pride ourselves on our team of board-certified pathologists with an extensive background in podiatric pathology diagnostics.

SUPPORTING OUR PROVIDERS

We provide comprehensive reporting with quality photomicrographs and preliminary reports with panel testing for onychomycosis and wound cultures. Our team is a phone call away to discuss your case or answer any questions.

INVESTING IN PODIATRIC EDUCATION

Attending all major conferences nationwide, we enjoy working with our physicians and the resident education platform, providing new learning tools and resources at our lab.

HORIZON®

Horizon is a global biotechnology company focused on the discovery, development and commercialization of medicines that address critical needs for people impacted by rare, autoimmune and severe inflammatory diseases. Our pipeline is purposeful: We apply scientific expertise and courage to bring clinically meaningful therapies to patients. We believe science and compassion must work together to transform lives. For more information on how we go to incredible lengths to impact lives, Visit www.horizontherapeutics.com and follow us on Twitter, LinkedIn, Instagram and Facebook.

Dedicated to podiatry, endorsed by the APMA,
**READY TO SUPPORT
YOUR PRACTICE**

NextGen® Office is the only APMA-preferred EHR and your exclusive partner for access to the **APMA Registry**—a tool for collecting data to support the advancement of podiatry.

Ask us how we can help your practice save money, time, and improve clinical outcomes.

Visit us at Booth 419.

Resident Case Presentation Competition and Poster Competition

Resident Case Presentation Competition

The Florida Podiatric Medical Association (FPMA) is pleased to announce the 20th Annual Residents Forum taking place at the FPMA Science & Management Symposium (SAM 2024) on Saturday, January 27, 2024.

As in previous years, FPMA requested engaging cases to be presented in a PowerPoint format with a strict 7.5-minute time limit. Residents must be APMA/FPMA members to participate.

The top presenters will be awarded monetarily. The awards presentation will be announced in the SAM 2024 Exhibit Hall on Saturday, January 27, 2024, following the Student Quiz Bowl.

Presentations will be scored based on:

- a) Quality of the oral presentation
- b) Rationale for procedure/fixation employed
- c) Lessons learned from the success/failure of the surgery
- d) Strict adherence to the 7.5-minute time limit

Poster Competition

Poster submissions were received by FPMA for the Poster Competition held January 25 - 27, 2024 in the SAM 2024 Exhibit Hall.

Topics for posters are to be based on lower extremity conditions/procedures/care and must include one podiatric physician as a lead author. The podiatric attendings, residents, young practitioners, and medical students listed as authors must be APMA/FPMA members in good standing. If a resident or student is the corresponding author, one attending must be registered for the SAM conference. If the participants formerly listed are not APMA/FPMA members, they must join APMA/FPMA or be removed from the competition. Only in-state residency programs will be allowed to participate at this time.

Posters will not be judged within categories. The judging criteria will use a point system. The top posters will be presented on Saturday, January 27, 2024 in the SAM 2024 Exhibit Hall following the Student Quiz Bowl.

X-Ray Assistant Schedule

The Podiatric X-Ray Assistant program will take place on Saturday, January 27, 2024 in **Windermere W**. Every Podiatric X-Ray Assistant attendee will receive a scanning name badge upon check-in at the SAM registration desk. Attendance verification will be conducted at the following times:

12:00 p.m. outside Windermere W

5:00 p.m. outside Windermere W

Every Podiatric X-Ray Assistant Attendee must get their name badges scanned at the times listed above in order to receive credit for attending the SAM 2024 Podiatric X-Ray Assistant program.

ALL Podiatric X-Ray Assistants must attend the six-hour X-Ray Assistant program taking place live on Saturday, January 27, 2024 in **Windermere W** as well as view the two-hour recorded Medical Errors course during SAM 2024 on Saturday, January 27, 2024 in **Windermere W**.

The examination for Initial licensure of Podiatric X-Ray Assistants will be offered on Sunday, January 28, 2024 in **Windermere W**. Please make sure to be on time for the exam.
